

Reading Street Unit 3

Sight Word Four-in-a-Row

Created by Christy Rollins

Directions : Roll the dice. Read any word in the column of the number you rolled. If you can read it, cover it. If not, play goes to the next person. Four in a row any direction wins.

Directions: You will need 2 colors of blocks or other game markers, one game board and one die for each pair of students. Children take turns rolling the die and reading any word in the column of the number they roll. If they can read the word they will cover that spot. If not, play goes to the other player. First one to cover 4 in a row in any direction wins the game.

Thanks for trying this game!
